Contemporary European Studies

Edited by **Federica Bicchi**, LSE, **Tanja Börzel**, Free University of Berlin and
Roger Scully, University of Aberystwyth, on behalf of UACES

The primary objective of the **Contemporary European Studies Series** is to provide a research outlet for scholars of European Studies from all disciplines. Although essentially a Politics/IR series, the Series Editors are keen to encourage books that are interdisciplinary, adopting perspectives and approaches that bring together political science and cognate disciplines. If you are interested in submitting a proposal for the series, please visit the UACES website at:
